1. Approval of Minutes
(IAC-M-181; 18 January 1955)

Approved as written.

2. Reactions to Certain Possible
US Courses of Action with
Respect to the Islands Off
the Coast of China
(SNIE 100-3-55)

a. The Chairman gave the background of the preparation of his memorandum stating that it had been prepared on extremely short notice on Thursday night, 20 January, for presentation to the NSC as the CIA view the following morning. The Chairman noted that, as a result of the President's message to Congress and the proposed joint resolution, certain portions of the estimate (those regarding immediate non-Communist reactions) were already moot. It was agreed to delete these from the paper.

b. There ensued a discussion of the disposition to be made of the paper in view of the fact that it had been largely overtaken by events. It was generally agreed that the same persons who had received the DCI's memorandum should receive the coordinated text with a notation that it would be followed by another paper on the same subject. The new paper will be produced subsequent to action by Congress and will reappraise the situation in the light of reactions to the policy set forth in the President's message and actions taken thereunder.

c. The paper was thereupon reviewed and approved as amended, the members indicating differences of view in various footnotes.

3. The Tuapse Defectors

The Chairman reported that a letter to the Attorney General had been drafted by the IDC for his signature regarding admission to the US of such of the 21 Tuapse defectors as seemed desirable after screening. All of the agencies represented on the IDC had

concurring except the FBI. The Chairman stated that he planned to take the matter up at the OCB meeting the following day but that he was reluctant to send the letter if the proposal ran counter to high government policy. He regarded it as a matter that should be reviewed at the highest levels of State and Defense. No objection was raised to this procedure. The State member agreed to have Mr. Herbert Hoover, Jr., advised before the OCB meeting. The FBI member stated that he believed the Attorney General was already advised.

4. Vietminh Violations of the
Geneva Agreements through
31 December 1954
(IAC-D-93; IAC-D-93/1)

IAC-D-93 was noted. It was agreed that its distribution within the government should be "in accordance with established procedures" as in the case of NIE's.
